### Topics

Roll of the Sheriff and law enforcement  
in normal times and during and after emergencies  
Bill of Rights issues and redress ~ Citizen responsibilities and expectations

### Event Format

This will be an informal event intended to provide information about responsibilities and inter-relationships between citizens and law enforcement. We'll also discuss recent events and their relationship to the Bill of Rights and how we can communicate with our government when necessary. Additionally, to ensure the best outcomes, we want to touch on different types of disasters and emergencies and community preparedness and coordination strategies.

Speakers will answer questions and participate in discussions with attendees. Ultimately, our goal is for the public to be empowered with important information and build cohesive relationships in the community.
